

Sermon Series:

God's Great Rescue

Sermon Passage:

Exodus 13:17-22

1. It's been said, "life is about the journey, not the destination." When you take a family trip are you generally more interested in the destination or the journey? What do you enjoy most about the journey?
2. How does it challenge your faith to know that God sent the Israelites on a long and difficult route to Canaan instead of the direct route? Does it ever seem that God is sending you through the wilderness?
3. Do you believe that God is present with you in every step of life? How should this truth change how we live?
4. In what areas of your life do you need to follow God more boldly?
5. Think about the goals you have in life. Are these goals God-centered and for His glory? What are some life goals you need to re-examine?
6. "The goal is God." In your Christian life what have you believed was the goal? Salvation? Heaven? Good life? Discuss how this quote from the sermon changes your life.
