

**Sermon Series:**

Exodus: God with Us

**Bible Passage:**

Exodus 26 and 27

**Discussion Questions**

1. The tabernacle was the place where God resided with His people. Does God reside with His people today? If so, how is God present with His people today?
2. When God's presence left the tabernacle it was time for Israel to move. This represents the idea that God's people follow Him and should "desire to be where God is." Have there been times in your life when you were far away from God? When do you feel closest to God?
3. The veil of the temple represents sinful people unable to enter into the presence of God. Do you ever feel unworthy or unable to enter into God's presence? Why is it possible to enter God's presence today?
4. What will you do this week to spend time with God? How can you enjoy God's presence all of the time?
